7 Cedars Casino joins Jazz In The Olympics

The Port Angeles Regional Chamber of Commerce is delighted to announce a new partnership for Jazz In The Olympics. 7 Cedars Casino has agreed to participate as the presenting sponsor for the April 23-25 2010 event. This agreement according to Russ Veenema Executive Director for the Chamber allows the event to make some significant changes with the most noticeable occurring Thursday, which is the opening evening. In 2010 one of the nationally acclaimed Traditional Jazz bands that is part of the festival will open the weekend as the headliner act at 7 Cedars. Guests coming in to town for the event will be encouraged to arrive on Thursday and take one of the complimentary shuttles to the casino to listen and dance to the sounds of the lively Traditional Jazz music. There is no charge to enjoy this performance and guests that have a festival pass for the weekend will receive additional perks at the casino. 7 Cedars Marketing Director Judy Walz explains this partnership as a perfect opportunity to work with a community event to enhance tourism during the month of April and showcase the facilities of 7 Cedars. This truly is one of those win win situations.

Jazz In The Olympics has many other sponsor opportunities and encourages any business or individual that would like to be more involved in this festival to contact the Port Angeles Regional Chamber of Commerce.
